

The Care Centre at Soetdoring Retirement Village

128 Letaba Avenue, Sinoville

Situated in a relaxed suburb in the North of Pretoria this village offers life right freestanding units as well as fully equipped care centre.

The Care Centre

Arranged in ward style rooms the care centre caters for people requiring services ranging from assisted living to more advanced care. A wide range of medical related services are offered including but not limited to assistance with daily activities of living, mobilization of residents, active and passive exercises, colostomy and ileostomy care, peg tube feeding, pressure and wound care etc.

Two packages, daily and monthly rental, are available to suit the individual requirements. Both packages include the following service:

- Hospital bed
- Three daily meals, including tea and coffee
- Medium care throughout the day
- Cleaning and laundry

Various members of the multidisciplinary team conduct regular visits to the Care Centre, on a fee for service basis. These include:

- Doctors
- Social worker
- Wound specialist
- Oral hygienist
- Optometrist
- Podiatrist
- Physiotherapist
- Audiologist

Admission to the care centre is subject to a pre-admission assessment, which is conducted free of charge by a registered nurse at the Primary Health Care Clinic in the Care Centre.
